redxav 7b17bfd26b kailniag - 15/02/2022. It wasn't a dream. Everything was like reality. Even in things like the sound. Everything was real. When I woke up, I saw that I was lying on the floor. I couldn't get up. My right arm hurt. I couldn't lift it up. But I could lift my left arm. I couldn't move it. It was like it was wrapped in a wire. I couldn't move my legs as well as my arms. I couldn't even open my eyes. I just stared at my feet. I was tied up. I was chained to the floor. And I was trapped. In a dark room. In total darkness. I couldn't see anyone else, and I couldn't move. I could only hear the breathing of others. I could hear them breathing, and I could hear them coughing as if they were suffocating. It was my last day on earth. But I couldn't die. I needed to live more. I needed to live more than anything I had ever known. I couldn't die. And I didn't want to die. I didn't want to die. And I didn't want to die. And I didn't want to die... Yes, I didn't want to. But I made a decision. I won't hide anymore, I won't run away, I'll come back to life again. I don't want to be a part of this funeral. I don't want to be a part of this world, because it's not for me. I need something else, I have to find something else. I have to find myself. I have to do what I've always wanted to do, but I've been afraid to do. I have to do what I've always wanted to do, but I've always been afraid to do. I can do anything I want to do. I can do anything I like. I can let myself be me. I can give myself freedom. I can allow myself to be real. I can allow myself to be me. I can allow myself to be who I am. I can be who I am. I can do whatever I want to do. I can let myself be me. Not to pretend, not to act, not to be someone else. I can allow myself to just be me. Even if someone sees that I'm not really me. I can allow myself to be real. Because I know I'm real. I know that everything is not real, that I can allow myself to be real. I can allow myself to be real. I can allow myself to be myself because I know that I am me. And other people can afford to be different, both good and bad. And I can allow myself to be different. I can allow myself to be different from other people for the simple reason that I don't think of myself as good or bad. I feel that I am. And I am there in absolutely any capacity. That is my right. And there is no basis for others to lean on to tell me, "You are bad!" or "You are good!" I won't hear anything - I know what I am and I am what I am. I can be who I want to be because I know what I am. And I don't have to prove to anyone that I'm right or that I can be who I want to be because I know what I am. And I don't have to prove to anyone that I'm right or that I'm wrong. I am my own judge and authority in my own eyes and for myself. I am me, and I can do whatever I want, because these are my experiences, my mistakes, my victories, my joys. And it is something I can be as proud of as any other person. My experiences, my mistakes, my joys, my happiness. I can be me, but what kind of me? If I don't know exactly who I am, how can I be me? To be me, I must know who I am, who I am. I have to know who I am, only then can I be me. And how can I be me if I don't know who I am? If I don't know who I am, then how can I be me? So I have to know who I am. How can I know who I am if I don't know who I am? That's the only way I can know who I am. But that knowledge comes to me exactly when I do. When I do, I know. That's the only way I know who I am. I just think I have to tell you to make you feel better. There's only one place in my life where I can live. It's my mother. I'm going to fight you because I have to know what I'm doing to get what I want. I can't let them think I'm crazy. I keep telling myself, "I know what I'm doing." And I know what I'm doing. I know what I'm doing. I know what I'm doing. (I know what I'm doing.) I know what I'm doing. I'm doing it to kill you.

You think you have power, That I can't handle. You're just too dumb to understand everything. I know what you think, That you have power, I know what I'll do. I know what I'm gonna do. I know what you're thinking.
