**Windows 10 Pro Activator KMS (32-bit 64-bit)Windows 10 Pro Activator KMS (32-bit 64-bit)**

---

December 23, 2021 - Obtain the product keys needed to install and activate Windows Server and other Windows products from a KMS host server. Product keys are required to install, update, and activate Windows. Windows Server 2016 activation requires a product key. A product key is a unique activation network address that allows you to activate and manage Windows. Product keys can also be used to activate Windows 10 and Windows Server 2016 products. You must enter a product key to activate Windows Server 2016.
