Metropolisim Metropolisim Game is a free city-building simulation game by Roy Hillman of Reverie Software.. A lot of city-building games come with the same old gameplay that is just easy enough but just too familiar. Metropolisim is different.Antibodies against Microcystis aeruginosa and with anti-toxin activity against cyanobacterial blooms. The cyanobacterial genus Microcystis produces a wide variety of potent cyclic heptapeptide toxins that constitute a serious hazard to humans and animals. Due to their low molecular mass (~2 kDa) and water solubility, the toxins remain active in the environment for days to weeks. In this study we have raised antibodies in mice against purified peptide toxins of Microcystis aeruginosa and tested their ability to neutralize the toxic effects in cultured mammalian cells. The
