## Airlink101 Awll3026 Driver Download

Inf based driver for Airlink 101 AWLL3026 USB Wireless-G network adapter. This was manually extracted from the installation package of the installer. This driver is used in Windows XP and Windows Vista 32-bit. This is not an installation package, but you can manually install this driver or run the "setup.exe" command from the installation disk. To install this driver, right-click the "setup.exe" file and select "Run as administrator". Click Run. Type "setup.exe" to execute and click "Yes". The first page will display the "Unknown Device" window as shown.
