How to identify music with essential metadata? It's been a long time since I've spoken about the tools I use every day to create my videos. I thought this would be a good chance to do so because there are a few tools I reach for when I'm looking for certain effects that I might want to use. When we started doing these videos, I wanted to make sure they were high quality and I still do :) I use iMovie (I know, I know) but I've been looking at other options. So, for the sake of this video, I decided to make sure any clip served its purpose. The video has music, some voice-over, and a couple of title blocks. So, here we go. The music I used is called Superfunkyjazzmusic and it can be found here: ----- Facebook: Instagram: Twi... The music of BRUCE SPRINGSTEEN - Film Experience: The Essential Album Collection. Bruce Springsteen is the most covered singer/songwriter in the world. The instrumental hit single of this album is better than the album. BRUCE SPRINGSTEEN - Film Experience: The Essential Album Collection. The best-selling album ever by a pop artist
