The piece produces bio-photons but at the same time it also acts as a large-format viewer for these medium-sized 'virtual' images, a sort of immersive, photo gallery. They are projected big screens, up to 2.30m wide, to create images for the viewer to experience, with a high contrast experience, the images are of high definition. The piece is aligned with strong visuals, music and sound. The idea is to make the viewer feel as if they are immersed in a unique visual-auditory. The Instrument will display the images in these big, bright screens in three

In the year 2015, global warming is far worse than expected. An entire ice shelf in Antarctica has collapsed and melted, and it's all because of Jade`s careless spa use. Nature has taken its revenge on our planet. Mankind is, for the first time, threatened by climactic catastrophes. The world`s leading scientists have seen to it that our greatest minds from around the globe are now working on finding a solution to the crisis. In the heart of them all lies China, where Jade is on a mission to evaluate the outcomes from her spa field tests. She must investigate the state of each and every spa, document anything suspicious, and decide what action needs to be taken. Your job is to protect Jade, document everything, and make sure everything runs smoothly. As an independent Time Management game, Spa Mania has different objectives to play through, and more than two dozen characters to interact with throughout them all. • Play Spa Mania on any device! Mighty Party is a mobile action RPG game. It's features a type of combat that makes playing from single-player to multiplayer possible. It works in the way that you can select any character you want and battle against your friends in real-time either from your smartphone or any other device supporting Multiplayer. The game features a unique blend of ARPG combat, MOBA-like strategic combat and classic turn-based RPG combat. It's a AAA game for the mobile platform, combining both features and functions of the traditional RPG and fighting games. Go through 10 different maps and defeat the powerful Lord Toad, Mr. Toad and other fierce creatures. Key Features - 3 modes available: Classic, Versus and ARPG: - Classic provides an RPG element, where you will fight against real-life MUSHROOM MEN in a number of various maps. Each mode can be played by one player, or in a true turn-based format where you can have 2 players fight each other in a chess-like battle. - VS mode is a hybrid of RPG and fighting in the form of an arena. You fight against up to 3 PVP opponents in each encounter. - ARPG is a real time combat of a traditional genre that you've known from Dark Souls games. - You will battle against up to 8 CPU opponents or up to 10 real human players online! - 3 character classes: - Knight - Wizard - Mage - 8 Maps available in classic mode - You will be able to unlock more maps, characters and other skins in the game by completing it. - There are 3 difficulty levels for the mini-maps. You can choose any level you wish, so that you can easily get to the challenge you desire. - 3 campaigns included, each having 3 maps and a boss. - 64 (for classic mode) and 100 (for ARPG) skins and characters to unlock - Monster PVP that will allow your side to get the rarest items - You can play the game using your smartphone or tablets - Real time combat with a turn-based strategy is available as well, so that you can battle your friends online - Daily Invasions: - Tournament Objectives - Each tournament includes 3 goals to win: 1. Higher Score 2. Having more won battles 3. Having less lost battles 4. The more players you defeat, the higher chance of getting a special item - Weekly objectives are available as well
