### **Elden Ring Features Key:**

World where players can experience distance and combat effects - it's a world where action and strategy are uniquely combined together. By advancing both your body and mind, you can reinforce your affinity with the world through tactical battles, discovering the growth of events and the quest for new items. In the event that you are capable of achieving an action where magic and physical force meets, you can obtain a reward in the form of a rare weapon and armor. This will help you achieve even more power.

Investigative action and unique character development - Putting priority on the exploration of others, you will take on a variety of investigations and 3D dungeons as part of the game play. You will use secrets and mysteries slowly revealed over time to become a Tarnished. The wisdom gained by wearing Tarnished is both mana and skill.

Asynchronous party play- Various methods of interaction are provided in order to enjoy the game. As you are expecting a party form or other unique functions where the play screen automatically switches, and you are coordinating your actions, you will enjoy the game. Also, in online mode, you can also ride items while participating in an object while collaborating and communicating with your friends and other players.

Fully Armored Armor- You will always be protected from damage by our fully armored armor.

Edgar, an old gladiator who had been leaving his dungeon for many years- You will find his "dungeon" on a barren hill, where ancient machines have been assembled. As the level increased, the attention of Edgar will grow. To defeat your opponents more easily, you can perform various actions by boosting your toughness, magic, or strength. It will also increase your leveling rate, allowing you to gain skills quickly.

Dramatic action scenes- You will see characters trapped by wild wolves, waterfalls flowing in time, and other such natural disasters. To defeat your opponent, you will use various items and attacks.

THIS IS AN UPDATE, ITS PREVIOUS VERSION WAS PACKED WITH CODENAMES SO YOU CANT BREATHE, ITS NOW JUST HAPPENING.

**What's new:**

The Myth is a complete rewrite from the ground up of the Myth System, a unique gameplay design with a vast character development system, and a much larger "living" world that allows for a more immersive experience. **FEATURES** >New Myth System The Myth System is a unique gameplay system that easily allows players to make a variety of choices to gain a series of forms, each with their own progression and life span. >Vast World The world is designed to be vast and full of many unique areas, but has been designed to flow seamlessly from one area to the next for a "living" world. >An Epic Drama A myriad of events unfold in the lands between, and they can even change the fate of your character. A fragmented story, making this an adventure where you'll be encountering the main story but will also be freely changing the course of your own saga. >A Game With a Purpose The Myth has a purpose in that it allows you to have a deep connection with the universe as the fate of others is impacted by what you do. Additionally, from the creation of a unique character to the very ending of their life, you can grow in ways you never imagined by making a variety of choices to help others in need. >Unique Online Play With a new online feature, you can meet different kinds of people as well as seek out group power and collaborative ideas with your guild. Also, in part via the fantasy maps, the game provides a kind of "asymmetrical online play" where you can test your power one-on-one, and feel the power your guild has accumulated. >Adjustable World View A large-scale world viewed from different angles. With it, you can enjoy remarkable reality with a fully customizable map with the most intricate panoramas ever seen. The entire map can be zoomed in and out, and you can even set the number of NPCs and have them directly fight you.

The Land of the Circle of Rebirth Be careful, lest your dreams destroy your soul. "If you don't want to hurt, then why are you drenched in tears?" In this living fantasy world where no one is born and no one dies, the world is full of humans and mystical beasts and spirits. However, while much has changed, much remains the same. Only in this long-forgotten living fantasy world known as the Lands Between, man has lost his voice and the divine
