As FIFA Player of the Year Paul Pogba said in a Fifa 22 Serial Key demo: "I think it's going to make the game a lot more realistic. It will be like real." This technology is used to deliver the next-generation player movement, including sprints and accelerations, creating a greater sense of realism. The central intelligence of the player's running motion and various skills are also represented. Players will anticipate the next move of their rival, react faster and make smart decisions. All the play-making skills and game tactics that FIFA players have come to expect will be enhanced thanks to this next-gen technology. The game's new Next Skill function uses the new HyperMotion to create full motion animations. The updated game engine also introduces the unique Authentix technology to give more ownership in the game. Players will pick their moment for an action to make the game more authentic. FIFA 22 is the only game on the Xbox One X to showcase 4K resolution at 60fps. With more details, richer colors and more resolutions, the visual quality of the game looks more realistic and sharp compared to previous versions. Key Features • FIFA ULTIMATE TEAM – A team of 22 players to represent your favorite team including stars like Cristiano Ronaldo, Lionel Messi, and Neymar. • NEW GAME MODES – Experience the different game modes in the FIFA Ultimate Team available in FIFA 22 including "Be A Legend", "The World Cup" and "The Tournaments". • NEW SKILLS – Pick your moment for an action, complete with fine control as you take over the midfield with new goal celebrations. • A NEW WAY TO MANAGE YOUR EA SPORTS ID – Use the FIFA ID manager and switch between online and offline mode with ease with all your EA SPORTS ID information at your fingertips. • FITNESS COACHING – Fight fatigue with new fitness monitoring technology. • EXCLUSIVE BEHIND-THE-SCENES VIDEOS – Witness the new details by watching exclusive EA SPORTS developer videos released exclusively for FIFA 22. • FIFA WORLD CUP EDITION – Experience the World Cup on Xbox One X in the most comprehensive way ever! Features Revealed During Countdown to FIFA 2018 EA SPORTS FIFA 18 on Xbox One X • FIFA 18 includes PS4 Pro enhancements • FIFA 18 is available

## **Features Key:**

- Take on the world – Not content with just more beautiful stadiums, FIFA Ultimate Team has new and updated pieces available for all your players, including goalkeeper gloves, boots, and stockings to embellish your football paradise.
- More choices for a better career – You finally have more player quality options in Career Mode, including a fully customisable formation. Now, you can create your own custom formation to suit your style of play and tactics.
- Live the dream – Every game includes a standard fully licensed version of the game with premium items like licensed shirts, goals, player faces, and the World Cup trophy included as standard.
- FIFA Ultimate Team – TT Ultimate Game – Train like a pro with FIFA Ultimate Team – TT Ultimate Game, a new training mode for FIFA Ultimate Team mode that puts you in the driving seat on your team, giving you the chance to select real-life tactics for your opponents from three distinctive roles; defender, midfielder, and striker. Developed by EA Sports FIFA, giving players the chance to train their muscle memory, improve their composure and perfect their style in real-life football.
- FIFA Transfer Update – The Transfer Update in FIFA 22 brings a whole host of improvements and enhancements to the popular Ultimate Team transfer market. This means never having to rebuy players who have already been traded; as an added bonus, all players who have been traded this year are gradually becoming available to purchase again.
- Pixel Perfect Shots Enhanced motion controls – The all-new Pixel Perfect Shots engine, now enhanced for more realistic firing behaviour, means players now complete their shots more realistically with improved control as they do in real life. From flicking them over the goalkeeper and blasting them into the top corner, to back-heeled strikes and sliders at the near post. And, the new Full-tilt Menacing engine is back, with the enhanced Playmaker – see the fields of play and intercept with ease for more options and fluid control
- Incredible visuals and animation – FIFA 22 contains entirely new and improved visuals and animations, custom-built to further enhance the connected experience through the new Physically Based Reflex Goal Motion system, delivering stunning graphics with a completely redesigned player model and player animations. New finesse styles of movement, coupled with new player control settings – an all-new sprint mode – all combine to deliver more responsive and realistic player motion.

In FIFA 22, Ultimate Team is even more diverse, fun, and exciting than ever before, with more authentic and realistic depth to collect, play, and grow your team from around the world. Build the ultimate pro soccer team on your own or enjoy your favourite teams by challenging friends to battle on new and varied gameplay modes. MANAGER The UEFA Manager of the Season award is the only one to be won by a manager, and it can be won at the end of each year. The presentation took place at FIFA.com headquarters in London, to coincide with EA SPORTS PlayerUnknown's Battlegrounds 2's Steam/GOG releases. THE ONE TITLE YOU CAN'T GIVE UP: FIFA 20 vs FIFA 21 EA Sports had revealed that the first thing they would focus on after the launch was FIFA 20 vs FIFA 21 gameplay, which is not just a series of unfair mechanics, but a complete set of game mechanics that FIFA 20 would not have. This would also mean that most stadiums and kits would be removed as they are also taken in FIFA 21, as there is no concept of the latter. When asked why he wanted to see FIFA 20 vs FIFA 21 gameplay, Delaney said it was for the gameplay testers in the office to get some good, repetitive play out of it. The gameplay showed that FIFA 20's gameplay was not better than that of FIFA 21. This would be for two reasons. Firstly, EA has already stated that FIFA 21 gameplay would not have been better than FIFA 20 due to FIFA 20's gameplay being completely consistent and incremental. Furthermore, FIFA 21 would contain new features that could not have been implemented in FIFA 20. Secondly, new features were introduced that were not found in the previous title. One example of this is the FIFA Ultimate Team which was introduced with FIFA 21. Many fans have questioned FIFA 21's version of Ultimate Team, due to it not being used in FIFA 20. EA Sports have even stated that they were not planning on including the Ultimate Team in FIFA 20. THE GAME THAT EVERYONE WANTED: FIFA 20 vs FIFA 21 Delaney then went on to explain that FIFA 20 vs FIFA 21 was a game that everyone wanted, because the game contained certain new game mechanics that did not exist in the previous two games. These are explained below. As a result, fans of FIFA's previous titles have been wanting to see these new features in a game that they knew would be released within the

## **What's new in Fifa 22:**

- 
- **Get the ball where you want it to be in the box, all thanks to Next-Generation Player Intelligence, a revolutionary new way of playing football that cuts out the uncertainty of playing on rough or grassy pitches.**
  - **Experience a cinematic, living moment: New play styles, improved AI, and smarter controls make the dynamic balance between offense and defense even more authentic.**
  - **The New 3D Maneuvers Engine and Player Motion controller technology allows you to perform more aggressive offensive maneuvers and defend with more precision.**
  - **FIFA 22 goes to any pitch on any surface, making sure the ball always reacts realistically to your actions.**
