

What is "phase to install" which is pointing to an wrong path? A: This happens when you have two versions of a file in your computer. For instance you have a program called FileName1.exe and another called FileName2.exe in the

---

same folder. When the system makes a decision to install a file the program makes a decision which file to install. The one that is not required at the moment is considered to be of the higher priority. Solution: Make sure all the software that you use is made by one company ( or put in a

---

single folder ) Effect of local interferon administration on human tumor xenografts. The effect of local administration of interferon on the growth of subcutaneously transplanted human tumors was studied. Interferon alfa (INTRON A, IMMUN-KINASE, KENILITE), interferon-

---

beta (INTRON B), or no interferon treatment was given intralesionally to 8 subcutaneous experimental human tumors and the effect on tumor size was followed. Four of the 8 tumors responded, 2 were not altered, and 2 showed a more rapid regrowth after interferon treatment. In

---

comparison to human cells, the murine cells were more sensitive to interferon treatment. The effect of interferon was long-lasting and, in some cases, lasted a whole year.
