District News 6/15/2013 District News Founded in 1929 and consolidated into the St. James School District in 1972, St. James School District operates 12 elementary schools, 2 middle schools, one high school, one combined middle and high school, one middle and high school alternative school, one alternative school, one juvenile detention facility, and one alternative education program. We have approximately 2,000 students enrolled in grades pre-k through 8 in grades 9 through 12 in our three high schools. As a result of housing and other demographic changes, the school district is made up of approximately 2,000 students who live in thirteen communities. An important part of our operation is the

Features Key:

Story | Browse the Lands Between and play through the story of nearly 2,000 years ago.
Content | Experience a variety of content to choose the one that suits you.
Solo Battle | Defeat strong monsters in 1-on-1 battles.
Explore the Lands Between | Search for a way to escape from the Lands Between and discover plenty of content.
Multiplayer | Fight with other players in 1-on-1 and party modes, and connect and communicate using the asynchronous online element.

Challenge Mode and Special Easy Mode

Easy, normal, or advanced mode is set at the time of play. While Easy mode offers damage boosts, normal mode offers only attack boosts while advanced mode gives various other boosts.

When you play an Easy or Normal mode battle, you will not be able to fight monsters over a certain character's level, and will not be able to use items that raise your characters level. However, in a special Easy mode battle, you can continue to fight whatever character you like, as well as use all items.

To begin participating in Easy, Normal, and Special Easy mode battles, simply select a scenario and set the tutorial level when you get to the main menu.

Recommended Hardware:

Depending on the created character, recommended specs are:

- Laptop: Intel Core 7th Gen i5-7200U (or i7-7700HQ) or AMD Ryzen 7 2700G or AMD Ryzen 7 3700G.
- Desktop: AMD A-Series or Intel Pentium G-series.
