SOULCALIBUR VI is a re-release of the 2010 PS3 action game originally released in the

arcades by Camelot in Japan, Data East in the United States, and CyDesignation and PlayAsia in Asia. SOULCALIBUR VI brings the features from the original game, including online multiplayer and dynamic 3D graphics, to a full 1080p resolution and 60FPS, as well as improved controls. The game also introduces a number of adjustments for a more balanced and authentic experience. Recommended System Requirements - PlayStation®3 (CPU: AMD Phenom II X4 955 Black Edition, Intel i5-2500K (Single-Core), or greater. Memory: 4GB or greater (6GB minimum for online play). OS: version 7.0 or greater For any question please contact the following support team: Telephone: +852) 2319-1038 Email: SOLUCALIBURVI@Konami.com - Help Line: Toll-free:+852) 2319-1038 Those who already purchased the Digital Content will receive an email from KONAMI.com after the purchase confirming the item has been purchased. In order to receive a key for the game, please follow these instructions to register your key to your KONAMI.com account. DLC Content: DLC will be available for purchase in the PlayStation®Store after release. Please see KONAMI.com for further details. Accessing the following content may require the purchase of one of the following Season Passes: 1. Access to 13 additional battle comments for Hwang. [12-13-19] 2. Access to additional weapons & items. [12-13-19] 3. Access to additional titles [12-13-19] It will work on PS4, but I noticed that the Consumable content "The Soulful Spectacles" is missing, it's like the DLC has been released before the Season Pass DLC is released. I only see the "Special Missions" DLC on the store so far.Q: Java Regex : Pattern working in editor, not working in Java I have the following string: "Well written and insightful; but with only one small suggestion:" I use the following regex to extract the "Well written and insightful; but
