You control Stephanie Latte, a highschool student going to summer school. During an awkward conversation with her bestfriend, Stephanie joins a secret club called the Seekers after being convinced by a mysterious girl. Inside the club, Stephanie discovers they are on a mission to save a lost princess from a mysterious land. It's up to Stephanie to find and gather the seven Little Miracles so they can save the princess. When a girl named Helena suddenly appears and tasks her with retrieving the seven Miracles, Stephanie decides she doesn't want to go on any more missions. However, soon, the Seekers have a new mission: they must find a lost princess who is trapped inside a tower. These missions follow the same formula: find the lost princess, send her back, and keep the Seekers safe. However, these missions are not as simple as they seem. As the tasks get more and more difficult, Stephanie begins to wonder if she is up to the task and if she's really a Seeker at all. -- In the secret Hidden World called Elsior, two teenagers have been drafted into the kingdom's elite Seekers when they were just children, separated from their parents when they went missing. And now, both must do everything in their power to locate the lost princess and send her back to her homeland, avoiding the Dark Lord's monsters and traps. From the day they entered the Seekers, the two princesses have been on two different paths, but now they will have to set aside their differences to work together as they set out to rescue the lost princesses. Everything seems hopeless when their plan fails, and the princesses are trapped inside the tower. A mysterious creature attacks them, but the girls are able to survive thanks to their training. From that moment on, the girls are both in training to be Princesses-in-training. That is, until they meet each other-the two girls, Liddy and Azura, are aware that they are the Princesses chosen by destiny to rule Elsior, and to stop the Dark Lord's plot, with the help of their new friends. Even though they still don't know their full potential, Liddy and Azura are sure they will succeed in their quest. But they don't know the true dark secret about the princesses being erased from history. Only after every trace of the two princesses is erased d41b202975
