A peaceful adventure through a unique hand-drawn chalk art-style. Avoid the traps, solve the puzzles and clear your path to the end of each level! As you play, you may find and rescue the imprisoned teddy bears, each of which will unlock an achievement. Chalkship is a relaxing yet captivating game, taking place on a huge blackboard. The unique style of the game gracefully mixes 2D and 3D elements, in a colorful and joyful hand-drawn chalk art style. Explore the vastness of the blackboard. Skillfully maneuver your craft through the beautiful but unfriendly environments, in a graceful and majestic dance of space acrobatics. Your mission is to reach the end of each level without dying. This means learning to maneuver you ship in difficult situation, avoiding the traps, solving the puzzles and destroying the obstacles that are blocking your path. As an extra challenge you can find and rescue the imprisoned teddy bears, each of which will unlock an achievement!

Key Features 10+ exciting, unique levels A unique mix of 2D and 3D elements working together A variety of enemy types, hazards and puzzles Hand-drawn environments in a unique chalk art-style. 20+ Steam Achievements. Keyboard support and highly refined controller support. Robust collision and timing to ensure reliable speed runs. Find and rescue cute teddy bears as a bonus challenge (and achievement) Using Phoesion Game Engine

About The Game Chalkship: A peaceful adventure through a unique hand-drawn chalk art-style. Avoid the traps, solve the puzzles and clear your path to the end of each level! As you play, you may find and rescue the imprisoned teddy bears, each of which will unlock an achievement. Asphyxia is a survival horror in an open world with four nightmarish episodes, each with a new location and new story to uncover. Explore the streets and sewers of Pittsburgh in the 1970s with a nameless hobo, ravaged by guilt and searching for redemption. Embark on a dangerous, psychological journey to discover what it means to be human. Explore four terrifying locations: Abandoned Warehouse, Sewers, Abandoned Water Plant, and Office Building. Find and save the survivors in each area of the city and learn the truth about your past. In each story, there is a supernatural event that triggers a chain reaction of each character's dark past. Discover

User Reviews Weaknesses: Voice acting is mediocre, if you don't like this style of game, you'll feel quite uncomfortable. Summary: Horror can be fun, too, but with this one it's just too many headcrabs. And they're all evil. And they're everywhere. And sometimes they jump on you and suck your brains out. And they're always there in the dark waiting for you, just waiting. So the good news is that it's a very good port of a game that had an absolutely stellar release in the arcades back in 1985, and was a Japanese arcade hit that inspired a few of the greatest beat'em ups of all time, like Double Dragon and Streets of Rage. Unfortunately, in the hands of Sega and developer/publisher Core Design, the game fails to live up to that original arcade version, for the simple reason that the first thing you'll notice about this title is its exceptionally poor voice acting. What the Japanese arcade version (and Sega Master System release) sported a Japanese cast of lead actors, was replaced by a cast of American voice actors. A quick internet search showed that if you bothered to search even the slightest bit, you could have found some original, Japanese anime and text-based ads for the game's voice actors, but you're stuck with some of the worst voice acting of this type of game. Maybe it's a good thing that I actually like "that kind" of games...;) While some of the audio sounds decent (but not good enough to warrant an M for Mature rating), most of the voices have a distinct lack of quality, and are no where near the same quality level as what you hear in the Japanese releases. In fact, even the main protagonist's voice sounds like it's been through about a hundred cigarettes, which really takes the edge off of his character. Some of the songs are ok, and get a bit more enjoyable with repetition, but the same can be said about most videogames. Sometimes, when they used a particular theme, they found a way to put new life into it, which you don't really get here. This can be a good thing, since it's easier to score big combos when you hit a big note, but in this case it's just a worthless gimmick. While the game play is just a slight upgrade of the arcade version, a lot of the original arcade game's level design is ripped apart. This can be an interesting

What's new:

The evolution of technology to keep you alive—from helpless victims in a post-apocalyptic world to the top predators in the game of survival. For over 10 years, the Jurassic Survival Board Game Set has been the most popular way to play this highly-addictive game, and now it finally has an all-new update—one that promises to bring the Jurassic to life like no other adventure game will ever have done. PROFESSOR LEPRECHAUN'S SICK LOGIC OF SILLY THOUGHTS -Rapsodia ilegal de los Simuladores provides formulism autoritativos,

ethos procedimentales, enfoques filosóficos, etc, among other pieces (in spanish). IN EXAMINATION - College and university students examine the texts sent by the Pragmatists, Analytic philosophers and Mathematical formulators. PALACE OF THE WORLDS - Conjures the poems by Fritz Gruber, and the two tales by Franz Kafka. KARL YAGO'S KUNSTWOLLER - A collection of texts commenting the avantgarde and modern art of the XXth c. JURASSIC SURVIVAL - Post-apocalyptic adventure game. Enli XXp - A free enli written by Rumbo sobre la biblioteca de readme. (this es un page read only. if you want to download the enli, you have to purchase Enli XXp or any other version of the enli) CHAPTEK - World-traveling hero: voyage down an era-spanning river of papercraft, in real-time. Includes a 3D map of the world, and a "book shop" with more books and backgrounds to buy. EPISODE 4 - A sci-fi narrative of arriving in an alien world (or is it?) but falling into a mysterious goo and becoming an alien film clip instead. I love this game. JURASSIC SURVIVAL Post-Apocalyptic Action Adventure Gameplay in one of the two modes! Play in Survival mode and for 72 hours, your character is weak and vulnerable, and the dangers can come from any direction. Play in Adventure mode and only for 30 minutes, this time your character has full powers, and is ready for any challenge. Don't worry, this "game

Free Thomas Was Alone [2022]

The Future Sport™ is a 3D brainy multiplayer sports game, created in accordance with the 4th KISS philosophy: Keep It Simple Stupid. The game features fast-paced, often breathtaking matches where players battle for points and trophies. Every day dozens of new players are added to the already impressive player and trainer base. The game is played on a very simplistic, yet effective but nevertheless enjoyable level of difficulty. It's a great way to play sports and satisfy that competitive gaming instinct. The Future Sport™ features FIFA-mode, consisting of 5 distinctive game modes (Standard, Championship, League, Cup, Classic) with a total of 15 games (competitive matches). The Future Sport™ is still under

development, it is about 75% finished and will continue to receive new features and game modes. It will be one of the next top selling games on Steam and has a lot of potential Key Features: - Simple and beautiful graphics - Easy and intuitive gameplay - Single player, multiplayer, time trials, tutorial, trainer - Competitive online multiplayer, with the ability to make in-game gifts, trade and league cups - Game modes: FIFA-mode, Men's Singles, Men's Doubles, Ladies Singles, Ladies Doubles, Semen Doubles, Men's Triples and Women's Triples - Various and numerous game modes and game modes - Save your progress, transfer your content, continue on another device - Part time and full time players - Procedurally generated AI - Different game modes on PC, iOS and Android - Game modes in 3D, 2D, HD, Space and more - Race and other fun mini-games - Various types of control (mouse, touch, gamepad, game controller) - Different difficulties (easy, medium, hard, insane) - Different stadiums - Stadiums - Online spectators - Times when you can play with your friends - Time trials - League cups - Leaderboard - Trades, gifts, events, tournaments and more - Various types of clothing, accessories, vehicles and other objects - More... Design Ideas: 4th KISS: This is a game developed in accordance with the 4th KISS philosophy. It features simple games with fast-paced matches and races, where players battle for
