Kirron, once known as the City of Eternal Night, is a city of skyscrapers piercing the sky. This city is the dreamscape of a single deity, the God of the Endless Darkness. In the depths of this city, there lies an endless valley of skyscrapers, where various people appear at random to the entity known as Kirron. No matter how many times this happens, the individuals who meet Kirron are always themselves that time, and with this entity's endless dreamscape and no set path, there are no guarantees of anything in terms of meetings. All they do is just try to meet the God of the Endless Darkness and eventually live their lives the best they can. Kirron is the world we live in, as well as the ominous truth of what lies beyond the plain of reality, that we have never seen. LAST BANGERS: 3 years ago, Augma was a zombie game about the urban legends of the underworld known as the "Last Bangers." However, 3 years ago when the competition started, I had no idea that we would really have to be last... However, for 3 years, no one knew what was going on behind the scenes, and while we were at it, we'd let ourselves get lost in seclusion. In the end, we've created a visual novel that's full of emotions and surprises. Augma Il is our take on this concept, of a visual novel where we're making our very own Bangers in an entirely different way. We're making it all the way, all the way until the end... BANGERS: 3 years ago, the day of the final challenge, we came out of the metaphorical hell we were in and realized that we were truly, truly last. "This dream of ours, this achievement, is what we will become..." And so, we made the Bangers that we made in isolation. We are the Bangers that make it. END OF DISCUSSION & PROLOGUE: - After the prologue, I wrote a guide for the game, which you can see here. Here, I'd like to talk about the importance of the dream. The dream that we are aspiring for is something everyone dreams of. Dreams are important, but we must still be responsible, live our lives and do the things we were taught. We can leave this game on the stage, but we cannot leave the dreams in our hearts. Dream
