### **What's New In AutoCAD?**

Undo previous drawing commands. Undo commands are now stored in history, making undo/redo quick. Layout, Align, and Constrain Your Drawings: Add an outline around your drawings, creating the perfect bounding box. Edit the border, apply diagonal, linear, or circular and add more than one outline. Align drawings in an easy-to-use interface. More precise, repeatable alignment capabilities. Add a corner rectangle and a line to the corner of a drawing. Add line, arc, rectangle, triangle, and quadrilateral components to any drawing. Batch edit and measure drawings, with one-click editing, measurement, fit, and projection. Measure distance, area, and angle in a snap. Automatically match scale and centering. Get exact scale and centering without manual recalculation. Numerous enhancements to drawing tools: See the entire drawing area in an extended display. A large, graphical workspace enables easier viewing and manipulation of large drawings. New grips and tooltips for more precise control of your tools. Create new tool styles and presets with an intuitive interface. Quickly recall existing tool sets and switch between tool modes. Pan, zoom, and scroll easily in both 2D and 3D drawings. Easily plot 3D views in an easily-navigated viewport. Select and edit any point, line, or polyline. Use the crosshair to see the command status and tool settings. See your commands in the status bar, and easily access the new undo command history. Extensive enhancements to the AutoCAD Drawing Assistant: Get great feedback about your work on paper. See how what you draw will appear in CAD drawings. Print your design out and compare your work with the result. Create customizable reports and annotations. Track changes over time and check out what's being changed. In-place custom cloud synchronization and mobile access. Access your drawings on the go with the new Android app. Design on your phone and then share your design with others. Access drawings from Dropbox and OneDrive. You can also access drawings you already have stored in the cloud. New ribbon features for Improved Design Collaboration: Access many features right from the ribbon, without using the command line. Simple hover to preview
