Category: Biology books Category: 2004 non-fiction books Category: Academic pressure A man was driving a stolen car through a suburban train station when a woman on a bicycle rode up to the vehicle and opened the door. The woman then attempted to force herself into the man's vehicle and was struck in the head by the car door as she struggled to enter it, according to police. The door struck the woman and the man then drove away. The woman was taken to hospital in a stable condition. "This woman's high-spirited and was riding to work in what she believed was the clear morning light," a police spokesman said. Q: Why doesn't this simple function work?
