"Bond voice acting is never a guarantee of quality. The voice work is excellent, but is most likely a reflection of veteran voice actor Tomohiko Ikuta's acting chops. He always delivers a believable performance" - IGN "Voice acting is outstanding - keep this in mind when you consider picking up the game. Voice acting will make or break this game for you" - Steam "I was more than surprised at just how good the voice acting is. Even with the grindy combat, it makes it way enjoyable" - Greenlight **REVIEWS KAIJUGAN** game: "The game is a tad simple, but its charm is infectious. The breadth of the game universe is so vast, you can spend days running around the world, looting and killing. It's simple, but fun in spite of that. " - IGN "Deep slice-and-dice combat with a two-handed sword. A game that delivers a sense of tension while giving you all the fun of an action RPG. Final Fantasy games may have paved the way for faster-paced, action-packed games, but this remains an excellent example for all action-RPG fans. " - Steam "Everyone should play this game.

There is no denying that after a little bit of time with the game, it's a must own." "As an action RPG, Elden Ring certainly doesn't skimp on the action. I guess this is what I'm starting to feel now. I'm no longer sure how I'm going to take this project forward. I'm basically content with choosing which direction to take, but there will surely be difficulties along the way. It would be good to be able to rely on my own efforts for once. I don't think it's possible to have a structured status, which becomes more acceptable the more you advance in the project. However, I know what path I want to take.
