himself has been fairly poorly used in the Englishspeaking world. Montaigne's writing has been criticized for being inaccessible, or even for its decadence, but little of his influence has yet been analyzed. There are commonalities with Furet's work, for instance, but few who would be interested in Montaigne's work are familiar with Furet's. It's time to correct that. Where to begin? There are indeed so many aspects to the writings of Montaigne that it's difficult to know where to begin. The range is certainly broad, but a few central themes stand out. The first is that Montaigne is a classic writer of scepticism, influenced by both Greek and Roman traditions. The second is that Montaigne's writing is full of rich cultural and literary references. He was a historian, a playwright, a poet, a philosopher, an essayist, and a commentator. He named his essays after cultural and intellectual figures, including: Caesar, Ptolemy, Plato, Solon, Thales, Heraclitus, Cato, Seneca, and Plutarch. These are not names most
