Conflict Management in the enterprise, Human Resource Management in the system. Conflict Management. Conflict Management. conflicts in the organization - Management. Download books on conflict management... A situation can arise in an enterprise when people disagree with each other and begin to express mutual grievances. As a result, conflict arises. It can be unmanageable and uncontrollable. Manageable conflict. In this case, people are aware that there is tension in their relationship and try to find ways and means to resolve the contradictions. Managing conflict

involves finding the causes, creating an environment of confidence and optimism, and using the means to resolve the conflict. However, the more acute the conflict takes, the more likely it is to transform into a destructive conflict. Destructive conflict, as the name implies, leads to the destruction, death, elimination of the relationship. In this regard, it is necessary to take measures to reduce the impact of destructive conflicts. Modern conflictology distinguishes the following types of destructive conflicts: - between spouses - between an employee and a manager - between subordinates - between teachers and students - between doctors and patients - between supervisors and subordinates - between students and teachers - etc.

3. deviations from the norm in behavior. Every person has his or her own norms of behavior. Sometimes a person's behavior deviates from accepted norms; such deviant behavior is usually called deviant behavior. Deviant behavior does not always manifest itself explicitly; it can be in violation of accepted norms and rules, such as: - rudeness, irritability, conflictedness - Disrespect for elders - Disobedience, impudence - Self-will, willfulness - deceit, subterfuge - deceit, insincerity - egocentrism, selfishness - greed, avarice -

laziness, listlessness, passivity - disorganization, discipline - disrespect for parents, elders - thoughtlessness, carelessness - promiscuity, inability to control oneself - cruelty - greed - restlessness - disobedience - laziness - aggressiveness - pugnacity - insecurity - withdrawal, aloofness - increased fatigue - depression - irritability, irritability - sleep problems - loss of appetite - digestive problems - decreased libido - decreased physical activity - headaches - increased sweating - skin diseases - urinary system problems - menstrual disorders - hormonal disorders - low resistance to infections - allergic reactions
